Claims 4, 6, 7 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Claims 2 and 3 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

There is no antecedent basis in claims 2 and 3 for the recitation "the fluid". An amendment to the claims clarifying this issue would overcome the rejection.

Carbon dioxide is misspelled in claim 3. Correction is requested.

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1 and 2 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Bondioli (JAOCS 69(5)477).

Claims 1-3, 5 and 8 are rejected under 35 U.S.C. 102(b) as being clearly anticipated by Ooi (JAOCS 73(2)233).
